

## 2 Optical Electrical Switch IP

### Overview

The 2 optical ports + 6 electrical ports managed switch provides 6 10/100Base-T (X) RJ45 electrical ports and 2 100Base-FX optical ports. The switch adopts a high-strength IP40 protective shell with industrial-grade EMC design, and supports Auto-Negotiation adaptive technology. In order to meet the different requirements of industrial applications, this series adopts a modular design, up to 2 Gigabit optical fiber ports and 4 Gigabit Ethernet electrical ports, which. IES82162XMH-S-RP supports redundant ring and features strong, rapid self-recovery capability to prevent interruptions and external intrusions. It incorporates advanced ITU-T G. 8032 ERPS (Ethernet Ring Protection Switching) technology, Spanning Tree Protocol (802.1s MSTP) into customer's network to. Fiber optic switches, multiplexers and demultiplexers block or route optical signals in a fiber optic network. This Layer 2 switch supports the very. H3C FS5500V2-EI series switches are a new generation of high-performance, high-port density, high-security Layer 3 Ethernet switches developed by H3C Technology Co.
