

Explosion-proof distribution box shift fork mechanism

Overview

A series of control and distribution panels made from aluminum. Ex d and Ex tb certified for installation in explosion-hazardous areas. Suitable for use in gas group IIB+H 2 environments. Customizable configuration of operators, cable entry quantities and cable gland types as per. BARTEC designs and produces customer-specific (configure-to-order and engineer-to-order) solutions for optimum energy distribution in safety-critical industrial applications. You will benefit from a highly flexible solution tailored precisely to your application. To this end, our engineering team. Flameproof enclosure (Ex d IIB+H2), which can be used as feed distribution equipment in control and distribution system (such as distribution box, switch box of main circuit, control box, terminal box or motor starting box etc.) ·Enclosure: stainless steel. The AGP17 is ideal for areas where. R.
