

Hook for hanging fiber optic cables

Overview

Fiber optic cable pole brackets and hooks refer to the equipment used for mounting and securing fiber optic cables on utility poles or other vertical structures. We supply J Hooks for additional stress relief and backing when establishing a light, medium, and/or heavy-duty cable management system. Employ these cable fasteners with bulk Ethernet cable. Durable aerial hardware for fiber utility and telecom builds, including brackets, straps, J-hooks, clamps, grounding, and mounting solutions for pole line and aerial cable support. 2-piece kit Fiber optical thermal stripper M8 & fiber optical cleaning clip compatible with bare fiber/bundle and ribbon fiber for 1-48 core dual heating mode and 8-level temperature regulation. Proper mounting hardware is crucial for efficient cable management, strain relief, and long-term network stability.
