

Manufacturer of steel cable trays for nuclear power plants

Overview

Nova, a product and service brand of Curtiss-Wright Nuclear, supplies safety-related cable tray systems that are manufactured to current NEMA VE1 specifications to the nuclear industry and other power generation industries. With over 210,000 feet of straight tray and over 2 million tray fittings. MP Husky is a founding member of the USA Cable Tray Institute and the leader in US cable tray systems and cable support systems. Designed to fulfill diverse needs of industrial, commercial, and specialized sectors, these systems offer unmatched performance, safety, and durability. Twenty nine years and over 30 patents later, Snake Tray is the market leader. Our company integrates R&D, production, and sales, and has professional technical personnel and an experienced management team. Our main products include cable trays, seismic supports, C-channel steel, and.
