

Stripping the central loose tube of the optical cable

Overview

In this informative guide, we'll walk you through the step-by-step process of stripping and preparing fibre optic cable for termination, covering techniques, tools, and best practices to help you achieve successful terminations in your fibre optic installations. The instructions in this document explain how to prepare end and mid-span openings of the Prysmian central loose tube fiber optic cable designs for termination. The document also outlines the procedure for installing a wire mesh pulling grip for installation via pulling in ducts. Local company practices and/or vendor specifications may be in place concerning cable access and how it relates to a. $\propto$ Level Up Your Fiber Skills – Join the One Up Techs Skool ☐☐ <https://www.com/oneuptechs> In this. How to strip loose tube and tight buffered fibers with Greenlee's Five-In-One fiber stripper?
